New Business:

Discussion was held on the severity of the flooding that started on Friday, June 23. Numerous roadways have been washed out completely. A few bridges may have possibly experienced damages but it is too early to tell because of high water levels. The Isabella County Road Commission is still in the process of estimating the damages from the flood. The Manager showed the Commissioners videos from the Drome on the flooding throughout the County.

Discussion was held regarding the State Infrastructure Bank (SIB) loan application. The maximum amount available is \$2 million dollars.

Discussion was held on the other types of funding that MAY be available (FEMA or Federal Highway).
